

Terrington C of E Primary School Bulletin

12th May 2023

Mental wellbeing week

The week commencing 15th May is mental wellbeing week. As part of this week, we will be looking at how we can look after our mental wellbeing. We have attached further guidance for parents on strategies and apps that can support with wellbeing at home. Please see the attached documents for this guidance.

Non-uniform day

On **Friday 19th May**, we will be holding a 'This is me' non-uniform day. This is in aid of mental well-being week. Pupils are welcomed to come to school dressed in what makes them, them.

Martial Arts

On Wednesday 17th May, Key Stage Two have been invited to Terrington Preparatory school to take part in a martial arts class. On this day, can we please ask that pupils come to school in their PE kit. Please can we ask that pupils arrive for 8:45am as our session will begin at 9am at Terrington Hall.

DATES FOR THE DIARY

| | |
|--|--------------------|

| 'This Is Me' Non Uniform | Friday 19th May |
| Fantastic Friday (Last day of Term) | Friday 26th May |
| First Day Back | Monday 5th June |

Miss Katie Stringer

Review of School Vision and Values

This year, as part of our curriculum development, we have been reviewing and further developing our school vision and values. We thank the children, parents, staff, governors and the community for their input.

Our new school vision is:

Love, Learn and Grow Together at Foston and Terrington CE Federation

At Foston and Terrington CE Federation, our commitment to exploring **sustainability**, affirming **diversity**, embracing **community** and inspiring **creativity**. Our core 'Fruits of the Spirit' values of **love, joy, patience and self-control** are rooted in the words of St Paul (Galatians 5 v 22-23). These Christian values are fostered in the pupils and staff building an ethos where all can flourish.

Love, Learn and Grow Together at Stillington Primary School

At Stillington Primary School, our commitment to exploring **sustainability**, affirming **diversity**, embracing **community** and inspiring **creativity** is rooted in the core values of **love, joy, patience and self-control**. These core values are fostered in the pupils and staff, building an ethos where all can flourish.

Our Values

We will focus on four core values of **love, joy, patience and self-control**. As part of the launch of our core values, the children will receive a leaf for our values tree in school. Please do look out for your child/ren demonstrating these values at home. The leaf should then be returned to school and added to the values tree. Parents, governors, and staff can also add a leaf to our tree.

Curriculum Enhancers

Our curriculum will be enriched by four 'curriculum enhancers', which we believe are key to supporting the development of our pupils enabling them to succeed and prepare them for the next stage of their education.

These are:

Sustainability

Diversity

Community

Creativity

Children will be given regular opportunities to **explore sustainability**, **learn about diversity**, **be at the heart of the community** and **inspire creativity**.

INFORMATION

Telegram App

Please find attached a leaflet on a new social media / chat app which is being frequented by children. It gives some useful information around its use, dangers to children and age restriction guidance.

Fantastic Friday May 26th -Key Stage 1 and 2

For our Fantastic Friday on May 26th the children will be learning about road safety and trying out a range of interesting and unusual cycling equipment. The children will be travelling to Stillington School leaving at 9:15 and will return at 2:35. Please can all children come to school in their PE kit. Helmets will be provided, however if children would prefer to bring in their own helmet they can.

All children will be having a packed lunch, so please send them in with lunch, or pre-order one from the school office. If your child wants a school packed lunch please email the school office before Thursday 11th May with their choice of cheese, ham or tuna-mayonnaise sandwich.

As we have a company bringing in a range of exciting, different cycles, and there is the cost of the bus to transport the children to Stillington we would appreciate a voluntary contribution of £8 per child towards to cost of the day. It will be added to parent pay.

Fantastic Friday May 26th -EYFS

For our Fantastic Friday on May 26th the children will be learning about road safety and trying out a range of unusual cycling equipment. The children will be staying in school and will be having a visit from a road safety expert. Please can all children come to school in their PE kit.

The children are invited to bring in their own scooters if they would like, but please remember that to use them safely in school they will need to bring and wear a helmet too. Please send them in wearing PE trousers and with a long sleeved PE top or jumper.

All children will be having a packed lunch, so please send them in with lunch, or pre-order one from the school office. If your child wants a school packed lunch please email the school office before Thursday 11th May with their choice of cheese, ham or tuna-mayonnaise sandwich.

EYFS/KS1 WOW WORK

Nursery and Reception

The children have really enjoyed learning about the Kings Coronation this week, as we explore our own experiences of the Coronation weekend. We have been busy making flags, role playing Kings and Queens, counting the jewels onto the crowns and using puppets in the small world to add to the wonderful castles the children have made in the small world!

Year 1 and Year 2

The children have been busy exploring 2D and 3D shapes this week in maths as our Year 1 children begin to name the shapes and our Year 2 begins to learn about the properties of shapes. In English we have turned into News Reporters as we re-enacted the Kings Coronation as if we were reporting on the event!

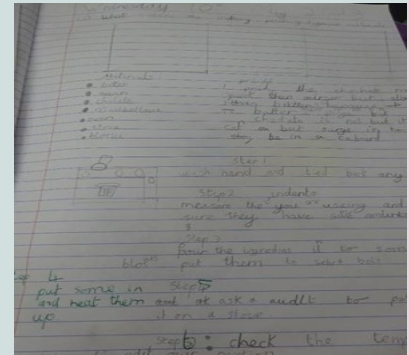

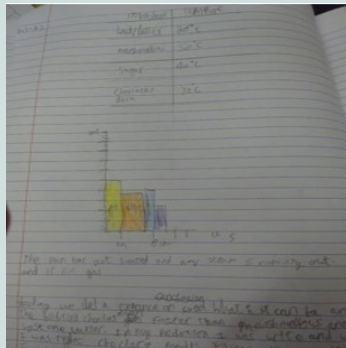

KS2 WOW WORK

This week in science the Year 3 and 4 children have been exploring and creating an experiment to investigate the different melting points of materials such as chocolate, marshmallows and butter.

They have created their own method and formed a scientific experiment for their lesson. They then used their knowledge of statistics in mathematics to create a table and bar chart.

The Year 5s have been experimenting reversible and irreversible changes in materials as they have been making their own pizza dough! The children made and cooked their own pizza dough and explained how the change was irreversible as the ingredients cannot be separated after cooked.

They have been working very hard with Mr Cleland and all the children should be very proud of the work that they have completed.

STEM Project

Terrington Hall have invited Year's 5 and 6 to attend a STEM after school session on Monday 22nd May at 18:30 in the Sports Hall. Please can you confirm your attendance to this event by Wednesday 17th via Miss Tordoff. Please see the attached flyer for further information.
