

Terrington C of E Primary School Bulletin

14th July 2023

House Points and non-uniform day

We are pleased to share that the winning house this half term is Goodall. The children of the winning house will have a non-uniform day on Friday 21st July. It is very close this half term...

The results are:

Goodall: 303

Newton: 276

Anning: 270

Edison: 226

Swimming

Please note, there will be no swimming on Thursday 20th July.

End of year picnic

On Thursday 20th July at 5-7pm, we will be holding our end of year picnic on the school meadow (weather permitting). We have a very special guest booked who will be holding a magician workshop between 5-6pm. We will have tasty ice cream available and we welcome you to bring your own picnic to join in the fun.

DATES FOR THE DIARY

Last Day Summer Term	Friday 21st July
First Day Autumn Term	Wednesday 6th September
School Photographs (Individual/Siblings)	Friday 15th September (consent is required)

INFORMATION

Dance Enrichment Day

On Thursday 20th July we will be taking part in a Dance Enrichment day, this is with the theme of growing confidence linking to some of our current PSED work as well as taking part in developing a new skill. Each school has a dance workshop and will take part in a variety of dance activities during the day. Children are encouraged to come to school dressed in clothing which enables them to dance (no denim) but also which shows off their personality. We hope to have a fun filled energetic day!

Quidditch day

On Tuesday 18th July, children in Years 1-6 will be taking a trip to 'Hogwarts' for our Quidditch day! This will take place at Terrington Village Hall.

All children are required to come in their PE kit: white t-shirt, black shorts or jogging bottoms and trainers. Children should also wear their school jumper/cardigan and **bring their own, clearly named water bottle.**

We also ask that children bring a sun hat and apply sun cream before school (a labelled bottle can also be brought with them).

On this day, pupils are required to **bring a packed lunch** from home, unless you have already ordered one from school. **Children in Nursery and Reception will have their usual school lunch.**

WhatsApp Use By Children – Online Safety Concerns **(Please see attached poster)**

It has come to our attention that a number of our children in KS2 are using WhatsApp as a means to communicate with friends. Can we please remind you that this app is for children over 16 years old. I have attached a leaflet about WhatsApp for your attention. Please note that class teachers will contact any parents of children who it becomes apparent are using this app. Any occurrences will also be recorded on our child protection records as an online safety incident.

Martial Arts Club

We are exploring the possibility of setting up an **extra-curricular martial arts club** in the next academic year. If you are interested in your child taking part in an extra-curricular Martial Arts Club, please complete [this form](#).

Yorkshire Arboretum (see attached posters)

We are offering many activities including pond dipping, minibeast hunting, a bat festival and Nature Rangers growth and creature days.

Total Sports Summer Activities (see attached posters)

EYFS/KS1 WOW WORK

Reading Books

Please can we have ALL school reading books returned to us by the end of next week. If these are not returned it makes it extremely difficult to prepare for the next school year and means the children will be limited on the stories they can enjoy.

Nursery and Reception

We had a wonderful time on the school trip yesterday at Askham Bryan Wildlife Park! The children loved learning about a range of animals.

Year 1 and Year 2

The children have really enjoyed learning about capacity and volume as they explore and measured using non-standard measure this week.

KS2 WOW WORK

KS2 Play

Our KS2 pupils blew everyone away this week with their phenomenal performance of the Rocking Romans. They showed dedication, love and joy for their learning demonstrating excellent presenting skills.

Thank you to all the parents who continue to support our pupils and the school

This week in Key Stage Two we have been exploring heart rate as part of our science learning. They have conducted an experiment using their scientific enquiry skills to time their heart rate after different intervals of exercise. They then presented their results in a line graph showing their fantastic statistics skills.
